

Rock you to sleep by Jonathan Kelly

Tuning: EADGBE

No chords as such as it's all keyboards. And because of this there are all sorts of linking notes between chords that you wouldn't get on a guitar. But here goes...

Keyboard intro: C, Fmaj7 (link notes D/C), C, Fmaj7

C F

How did we get so lucky? And how have we come so far?

G F Em Dm A D G7

All we've learned for what we earn, we both have to work so hard

C F

But woman I'm so proud of you. You've stood by me all along

G F Em Dm A D

Now one more day is coming our way, and if we're to give our best

G C C7

We'd sure better get some rest

Chorus

F Bb Gm C F

So I'll rock you to sleep like babe in a cradle,

Dm Am Bb Gm C

Too tired for caressing, much better we do some resting

F Bb Gm C F

I'll rock you to sleep, so we can start out bright and early,

Bb C F Bb F Gsus4 G

For one more sun rising, and one more day.

C F

It's not so we'll have possessions, or live like the wealthy do,

G F Em Dm A D G7

That keeps us on, going strong, slaving the whole day through,

C F

But so we can hold our heads up, and live just the way we choose

G F Em Dm A D

And end each day together this way, so even in this dark night

G C C7

Oh our future is shining bright.

Chorus

F Bb Gm C F

So I'll rock you to sleep like babe in a cradle,

Dm Am Bb Gm C

Too tired for caressing, much better we do some resting

F Bb Gm C F

I'll rock you to sleep, so we can start out bright and early,

Bb C F

For one more sun rising, and one more day.

G C D G

Some day when we've got cash to spare, you're gonna let down your hair,

C D G C G C C7

And take some time off in the sun, a just reward for all the work we've done

Chorus
